

## **Hydra Management and Myriad Solutions announce partnership**

**London, United Kingdom - 25 November 2009** - Myriad Solutions Inc, the leading market provider for application development, model management and project management, today announced that it has partnered with Hydra Management Limited, a leading vendor of portfolio, project and resource software and services.

Myriad will use the Hydra portfolio, project and resource management software suite as a preferred solution for its project and portfolio management solutions for its North American, European and Asia Pacific offices

Sanjay Gandhi, COO of Hydra said, "Myriad will enable Hydra Management Limited to deliver our market leading Portfolio, Project and Resource solutions and enable customers to be supported locally. We were particularly impressed with Myriad's focus on customer requirements and long term satisfaction. Myriad will also ensure that customers continue to receive payback on Hydra in six months or less."

Sanjay Gandhi concluded "At Hydra we already work with over 100 customers and 50 000 users worldwide and we are confident that working with Myriad will result in more satisfied customers"

Javed Matin, chief executive officer of Myriad Solutions said, "Myriad elected Hydra due to its easy to use and functionally rich solution and its ability to improve the quality of portfolios and projects by calculating and reporting detailed reports. In return, Hydra will provide Myriad with a solution that can deliver a return on investment, on average, in six months or less pricing approach and its ability to improve the quality of projects by calculating and reporting detailed analytics."

Javed Matin concluded "Strategic change in business needs to be supported by adaptable IT solutions. With Hydra, Myriad can enhance its project and portfolio offerings by providing a rigorous enterprise portfolio, project management software and services. This will ensure the best solutions for our customers at an affordable investment level that makes good business sense whilst providing a swift payback."
